Providing Help and Hope

God has opened an amazing door of opportunity through the new kitchen at Bridge Baptist Church. Through a generous donation, the church has begun a monthly distribution of a week's ration of food to very needy families in the community. The design of this new ministry is to help very poor families with much needed nutrition, but most importantly, to also provide hope that only the Gospel offers. We saw dozens of new visitors come to hear the Gospel for the first time, and we were even more thrilled when many made professions of faith. Please be in prayer for this new ministry of help and of hope!

Reuperation, Relaxation, and Rejuvenation

Every 10 years or so Holly must have a procedure to change out the battery of her pacemaker. This past March we headed back to the US for a short medical furlough. We praise the Lord that the surgery was successful, and the doctors were able to verify that all is good with her heart and new battery.

Thank you, especially to all that prayed for her during this procedure! While we were in the US awaiting the "all clear" to travel back to the D.R.,

we were able to take a little time to relax with family, friends, and also report to many wonderful, supporting churches! We had a tremendous time of rejuvenation through good family time and challenging messages from God's Word! Please continue to pray for us as we have a full 2024 calendar of ministry!

Prayer Requests

1. Wisdom to follow God's leading each and every day
2. Physical and spiritual health of family
3. Kids finishing homeschool later because of furlough
4. Upcoming summer groups, interns, and ministries
