### FEBRUARY 2025 UPDATES

#### Deputation Trail

This March marks our 1 year anniversary of the start of deputation! Time has really flown by. It is hard to express how good God has been to our family. I guess you could say that He has done **exceeding abundantly** above all that we could've asked or thought. We are currently at **67% promised support!** Praise God!

Levi's birthday is March 1, so we began the month celebrating him turning 9 years old. We were blessed to participate in 4 Missions Conferences, 4 Missions Sundays, as well as 3 additional meetings. Our travels took us to five different states, and we were truly blessed by the experiences. Some of our favorite family memories from March were touring the Air and Space Museum in Virginia, spending the week with friends in North Carolina, and having a roller skate birthday party for Levi with friends and family.

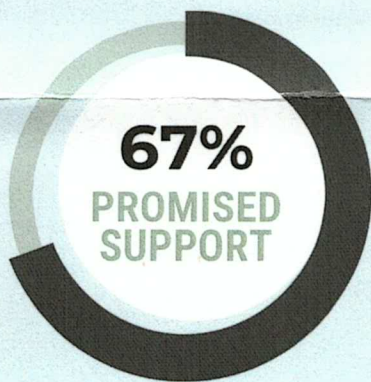

However, the most special moment of March was witnessing a young lady give her life to Christ at Philadelphia Baptist Chapel in North Carolina. There is no greater joy than seeing souls saved!

#### Youth Service

I had the chance to preach in a youth service at New Grace Baptist Church in Tarboro, NC, pastored by Michael Barnett. It was superhero themed, and the kids loved it! The pastor's teenage son, Wilson, organized the whole service, and he did a wonderful job. It is so encouraging to see young people with a heart to serve Jesus. Please pray for the Barnetts as they travel to Ireland in a few weeks on a mission trip.

#### VBM Missions Rally

It was a joy to take part in the Missions Rally at Vision Baptist Missions on March 27. We are praying that more laborers will take heed to the call to take the Gospel to the world.

#### PRAYER REQUESTS

- For health and safety as we travel
- That we will see more souls saved
- That we will continue to gain support

#### PRAISES

- We're thankful that Levi had a fantastic birthday!
- This March marks one year on deputation—praise the Lord for His faithfulness!
- Rejoicing over the young lady accepting Christ!
- Praise God—the doctors were able to remove all of my sister's skin cancer! Thank you for your prayers.
- We've reached 67% of our promised support!
