June 2024

## Continuing in Ministry

In the month of April we had missions emphasis at the Iglesia Bautista El Faro in El Progreso, Honduras. Since the church has begun faith-promise giving in 2012, they have given the equivalent of over \$100,000 to missions! A true testimony of the transformative power of God in a developing country. One of the Sundays we had a presentation from the children's home ministry on campus. There are over 30 children living on property in two different cottages as a part of Hope Children's Home. The children sang and gave testimonies of what the Lord is doing in their lives. Our church people gave very generously to help with some of the daily expenses that are incurred when taking care of so many precious souls!

So far this year Matt has had the privilege of baptizing twelve. It is always encouraging to see the public profession of faith in Christ after someone is saved. The Great Commission focuses on discipleship among all nations, which includes baptism of new believers and bringing them into the community of faith in the local church to continue the maturation process of growing into the image of Jesus Christ through the sanctifying work of the Holy Spirit. Rejoice with us as Christ is building His church!

In the first week of June, we had the privilege of serving our community through medicine with a group that came along side our church from Medical Missions Outreach. The team of 45 from the U.S. partnered with 70 volunteers from our church to provide a four day free medical clinic with service in the areas of general medicine, optical, physical therapy, and soul care. All services were free, as well as medicines and glasses for those who had specific needs. After the medical attention, each patient passed through an evangelistic area where they sat down one-on-one with a church member to receive a gospel presentation. Praise the Lord we were able to see 1,886 patients and that 63 made profession of faith in Christ!
