bringing the Gospel to the Deaf in **ECUADOR & PERU**

JUNE, JULY 2025 PRAYER LETTER

Dear Brethren and friends in Christ:

"Great is our Lord, and of great power: His understanding is infinite." Psalm 147:5

Praise the Lord He understands everything.

Serving our almighty God is our honor. By His grace we just celebrated our second anniversary as a church in Pichanaki, Peru. We had a two-day revival with pastor Cesar Quiroz. Our church in Guayaquil, for many years, has supported the Quiroz family working with the deaf and hearing church in Chiclayo, Peru. They also have a deaf school. Thank the Lord we had a good turnout both days. Our nephew Jonathan is a chef so we had excellent Peruvian food as well. Our deaf students sang two hymns. The more they learn in school the better they understand the preaching in church. People were touched and grateful to the Lord for our deaf church and school ministry. Glory to God! It is all about Him!

Victor is our newest student, age 18, mute and autistic. Our hearts go out for him. We pray the Lord will open up his mind to learn how to communicate with Sign Language. Thank the Lord he loves attending church and school. Our son Paul is working with Victor one on one. Paul remembers when he started with no attention span we would hold his head with hands on each side of his head so he could watch what we were trying to teach him. God performed a miracle in Paul, as he used to be very autistic, and he came out of himself by God's mercy. He learned Sign Language and also being hard of hearing he learned to speak fairly well and now uses signs and voice with Victor.

After our anniversary celebration, we had to bring Karla to Lima. She was a great help here, wonderful deaf teacher whom we trained. Her time was up so she had to go back to Guayaquil, Ecuador, and continues to teach in our deaf school there. Because of the midyear school break, my wife and I needed to take care of some health issues in Lima. I had appointments with the eye specialist and neurologist; they ran all kinds of tests and soon will see the neurologist with results. My eyesight can't be improved because my optic nerve is pale. I thank the Lord He can still use me to preach as I read Bible verses on a screen. God is good! My wife Anita had cataract surgery. The traumatologist has to do some procedures for her. We are grateful to the Lord for giving us the joy of serving Him in spite of our limitations because of age.

Another great blessing is that Sandi Soto will be helping us for six months in the ministry in the Peruvian Jungle, especially in the deaf Christian school. Sandi has also come from our church in Guayaquil, Ecuador. She started with us at age 13 from scratch. She was born premature, which left her blind on one eye and mild cerebral palsy. In spite of that, Sandi came to know the Lord, graduated from high school and we trained her to teach. She has a servant's heart with a sweet attitude. She is another spiritual daughter to us. Thank the Lord for precious fruits the Lord has given us in the ministry. You have been a part of this amazing ministry the Lord put us in by praying and giving. Glory to God!

Thank the Lord while in Lima He has given us many opportunities to witness. We led three people to Christ for His glory. Thank you so much for participating with us in the work of the Lord.

Serving our King together,

Raymond + Anita
