## Church Planting Missionaries to Peru

### Dear Pastor and Praying Partners,

As we look back on this past month, our hearts are full from seeing God's faithfulness here in Arequipa. November brought significant changes and new opportunities for ministry, including stepping in to provide oversight and leadership training at a sister church after a fellow missionary transitioned off the field. We also enjoyed a wonderful Thanksgiving banquet and new discipleship graduates taking important steps in their walk with Christ. Thank you for praying with us as we continue serving and trusting the Lord in each new season!

#### Ministry Update

This month has brought an important transition for our ministry as I step in to provide leadership at El Salvador Baptist Church following the departure of Mitch McCormack and his family from the field. I will be helping guide the church spiritually, offering oversight and encouragement to the leadership team, and investing intentionally in several young men who are sensing God's call to ministry. This new responsibility will require both a weekly commitment of my time in addition to Redeemer Baptist Church and additional financial resources. We would greatly appreciate your continued prayers during this season of adjustment, and any additional support designated specifically for this need can be directed to "Peru Church Planting" through Vision Baptist Missions.

#### Thanksgiving Banquet

We also had a wonderful Thanksgiving banquet this year, with 81 people in attendance. The evening was filled with heartfelt testimonies of God's faithfulness through difficult seasons, reminding us how present the Lord is in every circumstance. We also heard a powerful message on thankfulness, and one line in particular has stuck with many of us: "Often mature believers do not fall into grave sin as much as they fall into ungratefulness and routine." It was a timely reminder to cultivate gratitude and keep our hearts tender before the Lord.

#### Family Update

On the family side, the kids are growing quickly. Eden is now 8, Hosanna is 6, and Corban is 4. They're wrapping up their school year here in Arequipa and getting ready to begin an online academy homeschool program. We also just moved to a house on the other side of town, placing us much closer to both churches, and we were thankful to get settled in just before the holidays. We're excited for what the next two years of this term will hold and are trusting God for all He will continue to do through our family and ministry here.

#### Praises

- Two new discipleship graduates!
- Thanksgiving banquet with 81 people where many shared powerful testimonies of God's faithfulness.
- A new home closer to both churches and for the kids finishing their school year well.

#### Prayer Requests

- Wisdom and strength as we invest in the spiritual guidance, leadership, and training of young men at El Salvador Baptist Church.
- The Lord's provision in raising funds for our future church building. We currently have \$80,000 of the \$200,000 needed.
